

# Thinking Like an Economist

Question	True or False (Explain in 1-2 sentences)	Economist
<b>The best things in life are free.</b>		
<b>The largest cost of college is tuition.</b>		
<b>Students should always try their hardest in every class they take.</b>		
<b>Students should consider the pros and cons of every job before submitting applications.</b>		

## Reflection:

Do you think about things the same way an economist does? Do you think economist are going against human nature or do they seem sensible?
